CERTIFICATION OF FACSIMILE TRANSMISSION

I hereby certify that the following papers are being facsimile transmitted to the Patent and Trademark Office, FAX NO: 571-273-8300 on the date shown below.

1. A Response to the Requirement for Restriction dated May 8, 2006 concerning this application. (3 pages including cover)

30 May 2006

conducting an assay, claim 21, (Group II), directed toward a current 22-23, (Group III), directed toward a cancer treatment monitoring method. Claims 1-20, (Group I), are provisionally elected. The restriction requirement is traversed.

The basis for the restriction requirement is said to be that the claimed inventions are unrelated. However, all claims require, in various words, bringing a saliva sample together with at least least one antibody made against a proteonic cancer marker. Since all claims require this step, they are
